**STEALTH CLAMP INSERT**

Invisible tightening of seatpost

**INTEGRATED CABLES**

Rear and front derailleur Aesthetical solution which hides and protects cables inside the whole frame.

**RACK ATTACKS**

It is ready for racks, bags and mudguard

**TA12 (Through Axle 12)**

12mm through axle system improves stiffness and riding precision.

**TAPERED HEAD TUBE**

12mm through axle system improves stiffness and riding precision.

**FLAT MOUNT DISC BRAKE**

It's a new standard, which allow reducing needed material to match the calliper to the frame. This solution reduce the weight and the torque on the frame during the slow down. Anyway, through an adaptor, is possible using post mount calliper.
